domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

An Account Of Egypt Herodotus

About Heracles I heard the account given that he was of the number of the twelve gods; but of the other Heracles whom the Hellenes know I was not able to hear in any part of Egypt: and moreover to prove that the Egyptians did not take the name of Heracles from the Hellenes, but rather the Hellenes from the Egyptians,—that is to say those of the Hellenes who gave the name Heracles to the son of Amphitryon,—of that, I say, besides many other evidences there is chiefly this, namely that the ...

to march an army against Egypt, taking with him as helpers not only other nations of which he was ruler, but also those of the Hellenes over whom he had power besides. Now the Egyptians, before the time when Psammetichos became king over them, were wont to suppose that they had come into being first of all men;

Herodotus Herodotus is considered by many to be the first historian. Born in Halicarnassus around 490 BC, he visited Egypt during the Persian occupation (the twenty-seventh dynasty). The second volume of his "Histories" describes Egypt's geography and people and recounts a few semi-mythical stories about some pharaohs.

An Account Of Egypt Herodotus

This brief account of the first half of Herodotus's History not only conceals its infinite variety but is positively misleading insofar as it suggests a straightforward geographical, sociological, and historical description of a varied empire. The History's structure is more complex than that, and so is the author's method of narration.
