The Cisco Certified Design Expert (CCDE) is for expert-level network design engineers, expert-level network leads of IT infrastructure teams, and expert-level network leads of architecture teams working in job roles that require them to translate business needs, budget, and operational constraints into the design of a converged solution.

CCDE - Cisco

For individuals wishing to prove their design skills, the CCDE sits at the top of the design-focused Cisco certification ladder. The CCDE Study Guide is a great starting point for those venturing down that certification path, and although it is on my radar, I'm currently pursuing the CCDP (Cisco Certified Design Professional) certification.
