Q. Describe the difference between routing and switching. Routing moves a letter or telephone call to the access layer (as in a street or telephone exchange). Switching makes the final delivery. A switching decision is made on the part of the address that is not used in routing (as in the street number or last four digits of a phone number).

**The Best CCNP Interview Questions & Answers [UPDATED] 2020**

Completing CCNP Enterprise certification demonstrates that you have the skills to tackle enterprise networking solutions. To earn CCNP Enterprise certification, you will need to pass two exams: the first covering core enterprise technologies and then a concentration exam in a technical area of your choice.
