Characteristics Of A Good College

A startlingly low graduation rate is never a good sign. The goal of college is to obtain a degree, so it makes sense that a high rate of failure and/or drop-out is a red flag. Some schools are much more successful at graduating students than others, so don't settle for a path that is unlikely to lead to the degree you're paying for.

What to Look for in a College: 13 Important Features

Being a good student in college is all about making small incremental improvements over a long period of time. You might remember that I've written before about how to build motivation, impress your professor, use feedback to improve your grades, and study smarter not harder.
