The immobilizer learns the code of the alarm system when it is first connected and the ignition is turned on. From this point on, the immobilizer is "matched" to that particular alarm. If the alarm module is changed, or if the immobilizer is removed and connected to a different alarm, the immobilizer will not operate (the vehicle will not start.)

A: Answer The \$231 was the cost of the installation only. When I read the ad I thought I was purchasing the remote starter and alarm and the installation was free but that wasnt the case. I was looking forward to having the remote start installed and very disappointed when I was told that I only purchase the installation and not the equipment.
