CorelDRAW Graphics Suite is not my top choice for a graphics program, however, it has certainly improved from years before. It is really nice for creating mockups for future product designs, but the graphics are somewhat flat or better for clean vector art as opposed to high detailed photographic quality artwork or graphics.

CorelDRAW Graphics Suite Reviews & Ratings 2020

The CorelDraw Graphics Suite X3 is an important upgrade, with new tools for drawing, text, output, image editing, and vector-to-raster conversion. It's the most significant upgrade I've seen in the past few years and worth the upgrade price of \$179 if you use CorelDraw on a regular basis.
