The System: How enchanters work in a group The primary function of an enchanter in most situations is crowd control. The theory is that when the group is facing more than one creature, the enchanter puts all but one of the creatures to sleep with mez spells while the rest of the group kills the single awake creature. This is efficient because it keeps all those other creatures from hitting the ...

For Discussion 1. In Chapter 1, "Is it really about race?," the author states: "It is about race if a person of color thinks it is about race. It is about race if it disproportionately or differently affects people of color. It is about race if it fits into a broader pattern of events that disproportionately or differently affect people of color."
