### Guidance Note UNDP Social and Environmental Standards

form of a review of environmental factors (REF), Environmental Impact Statement (EIS) or Species Impact Statement (SIS), is needed. This document should be used where the "Stage 1 - preliminary assessment" conducted in accordance with Ausgrid's Environmental Assessment Guidelines (NS174B) identifies that an SER is required.

### Summary environmental report guidance notes

Strategic Environmental Assessment or SEA is a way of assessing and monitoring the likely effects (positive and negative) of plans, programmes and strategies on the environment. It is similar to EIA, but applies at the level of the plan or strategy (eg Local Development Plan, or Transport Strategy) which sets the direction for future development projects. SEA can be incorporated into a broader assessment known as a Sustainability appraisal. Why?
