Using the phone Making calls You can

Access PDF Eris Phone Manual

make a call at any time by choosing an off-hook method (such as lifting the handset, pressing a Line key, or pressing HEADSET or SPEAKER), and then dialing a number. When the phone is in idle mode or has calls on hold, you can make a call by pre-dialing a phone number and then going off hook to call the number.

If your phone shares a power outlet with a modem, or if it is plugged in to a shared surge protector, try plugging the phone (or modem/surge protector) in at a different location. If this solves the problem, re-locate your phone or modem farther apart from one another, or use separate surge protectors. Tip 8
