Restrictive measures (sanctions) are an essential tool in the EU's common foreign and security policy (CFSP), through which the EU can intervene where necessary to prevent conflict or respond to emerging or current crises. In spite of their colloquial name 'sanctions', EU restrictive measures are not punitive. They are intended to bring about a change in policy or activity by targeting non-EU countries, as well as entities and individuals, responsible for the malign behaviour at stake.

...

In its policy, the European Union intervenes when necessary to prevent conflict or in response to emerging or actual crises. In certain cases, EU intervention can take the form of restrictive measures or 'sanctions'. The application of financial sanctions and more precisely the freezing of assets constitutes an obligation for both the public and private sector.
