Financial Institutions And Markets Book Free Download

This is a course on finance. It has the word, "markets," in the name, which suggest that it's about trading, but I think it's a broad course in finance. So the blurb says, "Financial institutions are a pillar of civilized society, directing resources across space and time to their best uses." So this sounds broader. I guess the course is broader.

Financial Markets Introduction - Module 1 | Coursera

Introduction to risk management and behavioral finance principles to understand the functioning of securities, insurance, and banking industries. Fabozzi, Frank J., Franco Modigliani, Frank J.
