FireX recommends replacing the battery in the smoke alarm at least once a year to ensure proper operation. Only use new 9-volt batteries as replacements. Do not use rechargeable batteries. If the unit is wired to electrical power, a problem with the power supply can lead to false alarms and smoke alarm chirping.

Your firex smoke alarm will beep once as soon as the electric power is restored and shouldn't chirp again afterward. To reset a battery-only firex smoke alarm: Take out the smoke alarm battery, push and hold the "test" button for around 15 seconds. The smoke alarm might chirp or beep for a couple seconds then go quiet.
