For Better The Science Of

Tara Parker-Pope's genius is for exploring the science behind the big issues that affect our lives every day and translating that science into advice that we can use every day. For Better is the definitive guide to the most profound relationship of our lives.

Amazon.com: For Better: The Science of a Good Marriage ...

Finally, a science-based relationship book. Based on social science, but science nevertheless. The constant research summaries can be a little exhausting, but Parker-Pope constantly relates the studies to real life through quizzes and a few anecdotes (sometimes it feels like she's trying a little to hard to make it "relate-able").
