Forex Trading The Basics Explained

Forex Trading is the first book in a multi book series and is targeted to new investors interested in trading the forex market. New traders will benefit from the information in the book as well as bonus access to Jim's Facebook group and one of his Trading Systems. Readers appreciated the short, concise and practical advice provided in the book.

Amazon.com: FOREX TRADING: The Basics Explained in Simple ...

For example, the basics of trading forex are much different from stock trading basics. Many traders invest in a range of different assets, but it is usually best to start with one asset type, such as forex, crypto or CFDs, and learn the basics of that before moving on and diversifying your portfolio. What You Need to Start Trading Online

For trading purposes, the first currency listed in the pair is always the directional currency on a forex price chart. If the price is moving up on EUR/USD, it means the euro is moving higher relative to the U.S dollar. If the price on the chart is falling, then the euro is declining in value relative to the dollar.

Forex Trading: The Basics Explained in Simple Terms (Bonus ...

The aim of forex trading is simple. Just like any other form of speculation, you want to buy a currency at one price and sell it at higher price (or sell a currency at one price and buy it at a lower price) in order to make a profit. Some confusion can arise as the price of one currency is always, of course, determined in another currency.
