Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Natural Cosmetic Formulating - Chemists Corner

Skincare Formulation. Our students come to us because they love making natural cosmetics, want to learn how to get better at it, and often want to offer the best and most effective products to their ideal customers. As wonderful as it can be to test, invent, and create on the fly, the real key to creating products that people want, need, and buy again and again (while avoiding waste and frustration) is learning how to formulate with the customer in mind.
