Dragon Orbs can be found around all Dimensions (excluding the Tournament Dimension). Dragon Orbs are based off of the 'Dragon Balls' from the Dragon Ball franchise. They have no use except for completing daily quests that require the player to find a certain amount of them. They despawn roughly 2 minutes after they first spawn, and almost immediately respawn somewhere else in the map.

Draco is a constellation in the far northern sky. Its name is Latin for dragon. It was one of the 48 constellations listed by the 2nd century astronomer Ptolemy, and remains one of the 88 modern constellations today. The north pole of the ecliptic is in Draco. Draco is circumpolar (that is, never setting), and can be seen all year from northern latitudes.
