From components to fully integrated systems, we offer a wide range of products and services for alternative fuel solutions powered by natural gas, propane, renewable natural gas, and hydrogen. Our breadth of reach spans from passenger vehicles to heavy-duty trucks, locomotives, marine applications, and our ability to license our intellectual property portfolio.

Westport Fuel Systems - Westport Fuel Systems Homepage

There isn't a one-size-fits-all solution for customers with a fuel or fuel system issue. A fuel polish is effective at removing suspended contaminants and water from fuel. However, in most cases, a fuel polish is not sufficient to actually clean a fuel tank with even a shallow layer of sludge and/or microbiological de bris.
