THE HONDA VALKYRIE AND ITS HISTORY It was the middle of the nineties, and Honda decided to release a cruiser with a larger, and a very different engine. The original Honda Valkyrie was named GL1500C, however, only in the American market. It featured an engine configuration that is very rarely found on a cruiser.

Every conversation about the Valkyrie starts with its engine. Absolutely unique in cruising, that mammoth flat six is imposing, intriguing, eye-catching and exciting. Its almost-automotive design springs from its original duty of powering the Gold Wing touring bike. It was something of a shocker when transmogrified for cruising duty.
