The model of Icom handset that came with the boat was an HM-127, which is no longer manufactured. Its compatible replacement is the HM-157. When I bought the boat, I could not get the handset to work and figured it was broken. So, I ordered this HM-157 as a replacement. However when I tried it on the boat, it didn't work either (!) or so I thought.

So, I tried my trusty old Icom HM-36 Japanese hand mic on the 7100 – it sounds fantastic. Crystal clear, full bodied, rich tone and sibillance just right. I don’t know why Icom have risked the reputation of the 7100 by putting in that most inferior HM151 but it has to be about the worst sounding mic I’ve heard in a long time. IMHO if ...
