Life On Earth David Attenborough

David Attenborough is one of the world's leading naturalists and broadcasters. His distinguished career spans more than sixty years, and his extraordinary contribution to natural history broadcasting and film-making has brought him international recognition, from Life on Earth to Frozen Planet, Planet Earth to Blue Planet.

Life on Earth: Attenborough, David: 9780008294281: Amazon ...

British naturalist David Attenborough examines the diversity and origins of "life on earth." As is usual with David Attenborough's work, the camera work is outstanding and employed techniques which were ground-breaking in their day. Also, as is his custom, Mr. Attenborough filmed this series in locales all across the world. Written by Jason A. Cormier

Life on Earth (TV Series 1979-) -

This is Attenborough at his best and that is superb. Covers the history of life on earth at a level that isn't dumbed down. Many of todays biology/medical books are written for people with a strong background in molecular biology or genetics. Too bad this book isn't available in a Kindle version.
