The Linux cookbook : tips and techniques for everyday use ...

Maybe this place has been gone too long for many people to remember, but Lofurno's was one of my favorites of all time, and I still miss it. It was in an old clap-board building on 15th in the Interbay neighborhood, had *excellent* waiters--all aproned men 50+, an old-style piano bar, and private rooms upstairs.

Anyone Remember Lofurno's? - Restaurants - Seattle - Chowhound

About. The Seattle GNU/Linux conference (SeaGL) is a grassroots technical conference dedicated to spreading awareness and knowledge about the GNU/Linux community and free / libre / open source software and hardware.. Our goal for SeaGL is to produce an event which is as enjoyable and informative for those who spend their days maintaining hundreds of servers as it is for a student who has only ...
