NLP hypnosis techniques to remove blocks from your entire past. NLP hypnosis techniques, used with timeline therapy, are very effective mind power techniques for reprogramming the subconscious mind and removing blocks from your entire timeline. Metaphorically speaking of course... Obviously your brain is not a computer, and the events of your life are not really a line -- they don't form a timeline -- but it's "AS IF" they do.

In NLP we teach something called submodalities; this is a method by which you can intensify your practice to use the law of attraction. You can make the images in your mind brighter, larger, and closer, turning them into a movie rather than a still picture. Or, make the sounds louder, surrounding, and intensify all auditory components.
