Porsche 928 Electrical FAQ Porsche 928 Alarm. Question. Hi Folks, I have a fairly major delimia at the moment. Our '81 auto apparently has the factory "anti-theft" option, as it has decided to activate itself. As described in the owners manual, when we open a door, the alarm (beeping horn) sounds for 30 seconds, and of course the car won ...

Porsche 928 Electrical FAQ - Rennlist

Hi folks, I had a customer drop off his '84 928s today at the shop to look into some electrical issues the car is having at the moment. I rarely see 928's here, mostly 911's and 944/968', so I'm not that adept with their specific electrical gremlins.

common electrical issues? - Pelican Parts Forums

Thrust bearing failure is a very common problem on the Porsche 928. Electrical Gremlins Electrical gremlins are quite common on Porsche 928's, as they are on most older cars.
