Complete the appropriate level of education in your state. Check the requirements of your state licensing board. Some require only a high school diploma, while many others require a degree from an accredited four-year surveying program.

NCEES professional licensure

Where To Download

All states require that candidates complete four years of qualifying engineering experience, typically under the supervision of a professional engineer. In many cases, your school can guide you to engineering jobs in your area, or you can take advantage of NSPE's Career Center and search for the right opportunity on our Job Board.
