Proposal Development Guide

A proposal in Grants consists of a statement of work, research plans, technical reports, and a proposal budget, as well as administrative, personnel, and submission information. Each proposal requires at least one project. A single proposal may, however, have multiple projects. Any employee may create a proposal and submit it for approval.

Proposal Development Guide - USC Research

Step Four: Proposal Development. Proposal development is all about putting your plan into action. At this point, you have an outline. You know who is going to write what by when. Proposal development is when you write the proposal, design the document, create graphics and images, and put together the numbers. It's when the "sausage is made."
