Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Purex Triton Minimax 400 Pool

I have an Purex Triton minimax plus 400 pool heater. It was working for a few days when I started it up this year but then stopped, as it appears that the internal circuit breaker tripped. I reset the breaker and then it started heating again, but only for a few hours. Now only the power and pressure lights are on, but no heat light and no heating.

I have an Purex Triton minimax plus 400 pool heater. It ...

Comment: I have two heaters for in-ground pool & spa. These are Purex Triton Minimax Plus 150M model heaters. In one heater, the pilot light assembly is corroded and I disassembled but don't have the parts to fix. The other heater's pilot light won't come on although there is spark and gas is connected and open.
