Chemical & Laboratory Safety - American Chemical Society

Safety in Academic Chemistry Laboratories, Vol. 1. This laboratory safety quiz is based on material in the American Chemical Society pamphlet Safety in Academic Chemistry Laboratories, Vol. 1. You can take this quiz in any order. Select a section from the list or a question from the number block. You don't necessarily have to know the answer to a question -- the idea is to learn as you go.

120 Questions That Could Save Your Life Laboratory Safety Quiz

The chemistry community can honor Sangji's memory by finding ways to encourage and ease safer laboratory practice. One way to do this individually is to bring up safety issues whenever we can. It can be a burden to do this—you can be labeled as "the annoying one" when flagging unconsidered safety hazards in the laboratory.

10 years after Sheri Sangji's death, are academic labs any ...

Safety Guidelines . While in the chemistry laboratory, you are responsible not only for your own safety but for the safety of everyone else. Safety precautions are included in every experiment where needed. Your instructor may modify these instructions and give you more specific directions on safety in your laboratory. If the proper precautions and
