Semantography (Blissymbolics

Blissymbols or Blissymbolics was conceived as an ideographic writing system called Semantography consisting of several hundred basic symbols, each representing a concept, which can be composed together to generate new symbols that represent new concepts.

Blissymbolics

Bliss describes semantography as 'a collection of 100 symbols, each consisting of a few schematized lines which faintly indicate the outline of things. From this core hundreds of compound signs are built, and syntactic markers allow each icon to function in three modes: thing, action, or human evaluation.'

BLISSYMBOLICS BOOK PDF - onayamiqa.com

BCI is giving leadership world-wide to the development of the system of Blissymbolics and to its use - primarily by persons with severe speech and physical impairments. Since recent years (upon request from the last representatives of the Australian Semantography Trust) BCI also encourages wider use of Blissymbolics outside of the AAC field.
