States And Power In Africa

"States and Power in Africa" is not only a criticism of the state system on Africa's unique history and condition but is a debate in war and peace. What historians and theorists rarely touch on is the counter-factual, 'what would Africa look like, what could have Africa developed outside of colonialism?'

States and Power in Africa: Comparative Lessons in ...

States and Power in Africa: Comparative Lessons in Authority and Control is a book on African state-building by Jeffrey Herbst, former Professor of Politics and International Affairs at Woodrow Wilson School of Public and International Affairs. The book was a co-winner of the 2001 Gregory Luebbert Book Award from the American Political Science Association in comparative politics.

States and Power in Africa - Wikipedia

Theories of international relations, assumed to be universally applicable, have failed to explain the creation of states in Africa. There, the interaction of power and space is dramatically different from what occurred in Europe. In States and Power in Africa, Jeffrey Herbst places the African state-building process in a truly comparative perspective. Herbst's bold contention—that the conditions now facing African state-builders existed long before European penetration of the continent ...
