Firestarter isn't the best known of his books, and that's slightly odd as this film adaptation is one of the best based on his stories. The film takes obvious influence from Brian De Palma's 'The Fury', as aside from the fact that this one is about a young girl that can start fires, and De Palma's film features a boy with psychic abilities; the way that both plots play out is very similar indeed.

Firestarter seems to be an under appreciated tale, if such a thing were ever possible, from Stephen King. It never seems to be on any list touting his greatest works. It is, however, a very worthy story with strong characters mixed with a story that feels like it's smack dab out of the late 1970's TV show, In Search Of.
