The Technology of the Aztecs. (eBook, 2016) [WorldCat.org]

As a nation of warriors, there's little doubt that Aztec leaders often saw red. But thanks to one of their innovations, the Aztecs helped the rest of the world see it as well. Prior to the Spanish conquest of the Aztecs in the early 16th century, the European world had never experienced fabric dyed a deep scarlet color.

Top 5 Ancient Aztec Inventions | HowStuffWorks

The Aztecs are best known as a violent people who expanded their empire through ruthless warfare. In many ways, the Aztecs' warlike ways were born out of necessity. Originally part of a tribal collective known as the Chichimec, the people who would become the Aztecs wandered toward southern Mexico in the early 12th century. The ...

8 Inventions We Owe to the Ancients - HISTORY

The Aztecs created large reed mats, which they floated in the shallows, the edges of which were built of woven twigs and branches attached to posts anchored in the lakebed. On the mats, they put soil from the lake bottom, rotting vegetation and dirt from nearby areas. Aztec farmers built up the soil until it was above the surface of the lake.

Aztec Agriculture: Floating Farms Fed the People - History

Aztec doctors would use splints to help support broken bones while they healed. The Aztecs introduced the world to two of our favorite foods: popcorn and chocolate! One of the innovations the Aztecs had before much of the rest of the world was mandatory education for all. Everyone, boys and girls, rich and poor, were required by law to attend school.
