certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

The Alien

The Alien itself is the scariest monster in history because it is a ruthless, soul-less parasite completely devoid of any human or civilized traits. The design of the monster is a stroke of genius. Sure it has a humanoid form, but it has no facial traits or anything else which could give away emotions or intentions.

& More | HISTORY

The Alien, nicknamed " Kane's son " by Ash, was a lone Xenomorph Drone that was born on board the USSCSS Nostromo from Executive Officer Thomas Kane in 2122. It was responsible for wiping out all but one of the Nostromo 's crew in just a few hours. It was eventually killed by Ellen Ripley, who ejected the creature into space and burned it alive.
