Architecture of the Well-Tempered Environment. Reyner Banham was a pioneer in arguing that technology, human needs, and environmental concerns must be considered an integral part of architecture.

Architecture of the Well-Tempered Environment - Reyner ...

This architecture seems to emerge naturally in Elm. Rather than someone inventing it, early Elm programmers kept discovering the same basic patterns in their code. It was kind of spooky to see people ending up with well-architected code without planning ahead! So The Elm Architecture is easy in Elm, but it is useful in any front-end project.
