The Black Hole Of Empire

The Black Hole of Empire follows the ever-changing representations of this historical event and founding myth of the British Empire in India, from the eighteenth century to the present. Partha Chatterjee explores how a supposed tragedy paved the ideological foundations for the "civilizing" force of British imperial rule and territorial control in India.

A discursive coherence to the representations of Calcutta as cramped and squalid emanates not only from popular-cultural American Orientalism, but from a longer history of imperial practices in colonial India, as discussed by Partha Chatterjee in *The Black Hole of Empire: History of a Global Practice of Power*. The story of the Black Hole of Calcutta, well known to historians of India, and well known to travelers to India from the 18th century through the late 19th century, finds an odd place ...

The galaxy, as it was commonly referred to, was one of the trillions of galaxies in the universe. The galaxy was a vast composite of over 400 billion estimated stars and over 3.2 million habitable systems orbiting around a supermassive black hole at the heart of the galaxy. The galactic arms rotated around this black hole across a diameter of over 100,000 light-years. It was home to countless ...

heavy artillery, to lead an assault on the East India Company.

A Return to the Black Hole - The Caravan

“The Black Hole of Empire” wasn’t really like that. It does very little theoretical hedging despite advancing relatively modest claims about how Bengali nationalism suffered from European nationalisms.
