### **The Challenging Child Understanding Raising**

The Challenging Child reassures parents that they do not simply have to "live with" their child's temperament but can fit their parenting style to their child's unique personality and help each child build on strengths, master weaknesses, and embrace life with confidence and skills.

### **The Challenging Child: Understanding, Raising, and ...**

Most children fall into five basic personality types that stem from inborn physical characteristics: the sensitive child, the self-absorbed child, the defiant child, the inattentive child, and the active/aggressive child. Stanley Greenspan, M.D., is the first to show parents how to match their parenting to the challenges of their particular child.
