The Lost Keys To The

The Lost Keys is one of his very early works, a study on the true origins of esoteric Masonry, which have nothing to do with the politically and power infested masonry of today. A great book, even if a bit too right hand path-ish in some lines..This edition comes with added material from later publications on the same subject.

The Lost Keys

Professor Solomon theorizes that most lost objects (keys included) remain within 18 inches of their designated spot, they're just a little off their usual location. He calls this 18-inch-wide zone the Eureka Zone. Don't waste time searching the same places repeatedly, just because the keys are supposed to be there.

thriller in the “Brit in the FBI” series! The first book in this series was a very clever caper style thriller, but this second book is a globe-trotting adventure tale, and is every bit as entertaining!!

The Lost Key (A Brit in the FBI, #2) by Catherine Coulter

A policeman sees a drunk man searching for something under a streetlight and asks what the drunk has lost. He says he lost his keys and they both look under the streetlight together. After a few minutes the policeman asks if he is sure he lost them here, and the drunk replies, no, and that he lost them in the park.
