This chapter poses the book's central research question: what power do operations have to obtain local cooperation? Drawing on a number of disciplinary approaches, it develops a framework of power and legitimacy to study how peace operations influence the behaviour of local actors. It defines the book's focus on compulsory power and draws on political, jurisprudential, sociological, and ...

Expert Power - An informal concept of power that stems from superior ability or expertise. In this, the group members will tend to consult this person (the expert) for advice or help on a project. However, it is this dependency is what gives the individual power over their peers. Referent Power - Fame is a critical aspect of referent power ...

### The Concept of Power - Tactics, Bases, and Sources of Power

Nevertheless, his analysis is far more subversive of nondemocratic forms of government than it appears to be. For whatever the form of government, the ultimate source of sovereign power is the people, and all legitimate government must rest on their consent. Therefore, if a government abuses its trust and violates the people's fundamental rights—particularly the right to property—the people are entitled to rebel and replace that government with another to whose laws they can willingly ...
