Salon/shop owners and managers should use the OSHA “Guidance on Preparing Workplaces for COVID-19” as a guide for reopening.

Temperature checks  
-Salons should consider use of a touchless infrared thermometer to check the temperature of employee each day and of each client who enters the salon/shop.

# Access PDF The Salon

Any employee or client who has a temperature above 99°F should be sent home immediately and not allowed to return to the salon/shop until they have no fever and no evidence of COVID-19 symptoms.
