things. These include but not limited to:  
- Innovation in services,  
- in service products -  
- new or improved  
- service products  
(commodities or public  
services). Often this is  
contrasted with  
“technological  
innovation”, though  
service products can  
have technological  
elements. This sense of  
service innovation is  
closely related to  
service design and ...
