### The Shareholder Value Myth How

In The Shareholder Value Myth, business law professor Lynn Stout proves this point, citing chapter and verse in court decisions going back more than a century. "So long as a board can claim its members honestly believe that what they're doing is best for `the corporation in the long run,' courts will not interfere with a disinterested board's decisions -- even decisions that reduce share price today."

The Shareholder Value Myth: How Putting Shareholders First Harms Investors, Corporations, and the Public (Berrett Koehler Publications, 2012) challenges the ideology of shareholder value. Part I, "Debunking the Shareholder Value Myth," traces the intellectual origins of shareholder-primacy thinking. It shows how the ideology of shareholder value maximization lacks any solid foundation in corporate law, corporate economics, or the empirical evidence.
