The 'toxic' truth about my best friend - NZ Herald

It's the truth then, not opinions -- and it's not a comment (and thus no criticism), it's a simple statement of a factually true thing -- and precisely because it is, it cuts far deeper than any random insult. So the key is intention -- truth, like most things, can be used as a weapon, and once you do that, I guess it can qualify as "toxic".

Is there such a thing as toxic honesty? | Personality Cafe

The uncomfortable truth of modern life is that we live in a profoundly toxic environment. Pollution fills our air and lungs. This isn't just unpleasant and smelly— it's lethal: researchers estimate that air pollution alone kills more than 5.5 million per year.
