Unibilt Industrial Conveyor

The Jervis B. Webb Company created the Unibilt product line in the early 1960s to provide manufacturers of all types with a multi-purpose enclosed track conveyor.

Unibilt - Industrial Conveyor

The Unibilt® enclosed square track conveyors are well suited for medium duty conveyor applications such as paint lines, assembly lines and parts storage. They increase productivity by making use of available overhead space and improving material flow. The enclosed style track helps prevent contamination of the track interior and chain.
